To Get Baby to Sleep, Build Your Night Time Routine

Babies and sleep don't always go together smoothly. Sometimes it takes _____ Number hours to get baby asleep, and by that time it's already _____ Time of day! But with this tried-and-true method, you'll improve your sleep and the sleep of your little _____ Animal in no time.

First, in the newborn period, make sure you _____ Verb Base Form when your baby naps. This will ensure you are somewhat rested for the night time journey. If you don't do this, you'll really have a _____ Adjective ride!

Second, make sure you develop and regularly use a night-time ritual. Having a regular ritual helps babies and _____ Plural Animal get ready to go to sleep. I start with a _____ Way to get clean, and make sure the music is _____ Adjective and the lights are _____ Adjective. After _____ Number minutes, we move on to _____ Verb Present ends in ING a book. I like to let _____ Name of Family Member choose the book, so that they have a chance to _____ Verb Base Form their autonomy.

It usually takes about _____ Number hours to read the book, cuddled together in the _____ Noun. By that time, _____ Same Name of family member is usually yawning and almost ready for _____ Verb Base Form. So the last parts of our ritual are to _____ Verb Base Form a song and then give them a kiss on their _____ Part of Body and snuggle until they are fast asleep.

Then

I can finally _____ away to get some _____ time. It's tempting to stay up late and try to finish your _____ household tasks, but don't give in! Your sleep and energy are precious, so just pick _____ of the most important tasks to do, and at least _____ things that renew you. Then have some relaxing _____ tea, and head to bed for an _____ night's sleep, so you'll be _____ and ready to go by _____ in the morning when baby wakes up. Good luck !
