Professor Evil-Doer One and Professor Evil-Doer Two words stick in my head. Never faltering, never stopping. I've been trained for this my whole life. I've been replaced, killed, brought back to life, tortured, burned, cut, stretched, stabbed, everything to train me. Then the last test came. The last torture.

To be fed the moonlight.

The worst feeling you would ever expect, the feeling that makes you want rip your eyes out. And I tried, I tried to kill myself, do everything in my power to stop the moonlight fully entering my body. I failed. And in that night, I experienced the worst pain known to man.

The moonlight.
