I Adverb remember the streams of days past. How very Adjective they were, and the  
Adjective Noun Plural Proper Noun would bring to me, a Noun of Noun  
Plural. But now... These Noun Plural are none of mine. Noun will only bring emotion  
, and Noun is a Adjective vice. This is not the Noun I once had. And it is forever gone,  
that I must go, or suffer to be rended.
