# The Best Day

day of the week, month Number Year

Dear a friend,

Yesterday was the best day of my life! I took a walk with my crush, First name. We hold hands and walk through the Location. When we sat on the bench, I stare into his dreamy, deep color eyes. At last, he put his arm around me for the first time, he said, "I really like you, your name."; I was touched. But it didn't last too long before I had to go home. Zach kissed on my left cheek. It was a lovely moment.

Yours truly,

your name.
