Mentality Creepypasta

They perfected a chip, that when implanted in your brain, would allow you to read the thoughts of
Noun Plural. At first, everyone was excited, and they all clamored eagerly to get the first few. As soon as
they were proven reliable, anyone who could afford it bought one. At first, it seemed
Murderers and were caught easily, and you could judge how a relationship could go on the
first date. But we're all, we think things we don't mean during arguments andevent
, and so the chip began to cause strains and rifts between and and and
There was a petition to get the chips removed, which was successful.
Unfortunately, their brains had been
ways to reverse the It turned out that some on reddit had the answer. Circular
reasoning maybe, but his solution worked. If you think about what is doing your thinking, you stop hearing other
people's Noun Plural.
I was always, I could never afford the chip. But what I have learnt is that if you spend all your
time thinking about your, your own isn't enough. I can hear them and
