The Dance of the Pelicans

Today, we are going to learn about the dance of the pelicans are a complex
rapid rate, reaching maturity at the ripe old age of days. They then leave the and
become a bird until they are of age to seek a partner. It is not, as with other birds, a case of
at first sight. The are unique among other species of birds in that they
in a complicated and precise courtship with the female taking the lead in all of the decision
making. One incorrect step, and she will either the male to death or verb Base Form the male to death or
his wing so that he is unable to Female pelicans are, but this is not
without reason. They must be selective when choosing their mates because a male pelican's
skills are directly proportional to his ability to produce genetically sound offspring. Female
pelicans are born with this embedded in their DNA will accept nothing less than
perfection from perspective mates. The of the pelicans has rarely been observed by humans, but it
typically begins with the male
who is perched high on a tree If his verb Present ends in ING impresses her, she will produce a
deep throated "Caw caw" that will let the male know he has made it onto stepNext in this
lovely, the female executes a complex series of and and that the male
must replicate perfectly, lest she attack him and knock him to the If he is able to successfully
mimic her, she will let him know with a deep-chested rumbling "coocoocoo," after which he must
Verb Base Form

deeply. The final step in this is much like a romantic scavenger by
standards of course. The female bird collects a complicated assortment of,
Noun Plural, and Noun Plural and combines them in the beginnings of a Noun. The male
must then collect similar Noun Plural that pass her inspection in terms of size, shape, and quality. She will
aggressively if he verb Base Form an item that is not to her standards, but will
typically give him strikes before she begins verb Present ends in ING him. If the suitor is
, she will settle down into the family and beckon him forth
with a purring cooing bay. She will then allow him to beside her in the beside her in the
until feeding time.
