Online Accounting EOS!

The EOS _____ is not _____. You will have to _____ yourself, your _____, your _____ and your _____. That's because open and honest _____ throughout the organization is a requirement. Most importantly, in the EOS system you must play an active role in _____ each component. A company _____ on EOS wants you to _____, _____, and _____ to help get each component as close to 100% strong as possible. If you are wondering if EOS will work or not, the answer is in your _____.
