# How to do the Infinite Sword Glitch

The \_\_\_\_\_ Adjective Sword Glitch (AKA \_\_\_\_\_ Acronym) is a trick in The Legend of \_\_\_\_\_ First Name of a  
\_\_\_\_\_ Person: \_\_\_\_\_ Instrument of Time. It is a fairly \_\_\_\_\_ Adjective trick to do and has a variety of  
\_\_\_\_\_ Noun Plural.

## Prerequisites:

Before attempting to \_\_\_\_\_ Verb Base Form this glitch, you should make sure you have the appropriate  
\_\_\_\_\_ Noun Plural. You will need a swingable \_\_\_\_\_ Noun of some kind. Valid items include  
\_\_\_\_\_ Weapon - Plural, sticks, and the Megaton \_\_\_\_\_ Tool. Additionally, you need to have a \_\_\_\_\_ Noun  
that you can \_\_\_\_\_ Verb Base Form in front of you. The Hylia \_\_\_\_\_ Repeat Last Noun will not work if you are a  
\_\_\_\_\_ Noun.

## Performing the Glitch:

This glitch is performed by \_\_\_\_\_ Verb Present ends in ING a \_\_\_\_\_ Noun with an A button action. Simply  
crouch stab nearby, then time an A press at the right frame to \_\_\_\_\_ Verb Base Form the \_\_\_\_\_ Repeat Last Noun  
with the action. This is a \_\_\_\_\_ Adjective trick, so it will take a bit of practice. While \_\_\_\_\_ Verb Present ends in  
\_\_\_\_\_ ING the button after \_\_\_\_\_ Verb Present ends in ING will work if you are just learning it, the timing will  
eventually become \_\_\_\_\_ Noun Plural.

There

are several \_\_\_\_\_ Noun Plural that work for this. Some of these include:

- Reading a \_\_\_\_\_ Noun

- Talking to someone (pressing C-up to talk to \_\_\_\_\_ First Name of a Person works for this)

- Picking up a \_\_\_\_\_ Noun (provided you can \_\_\_\_\_ Verb Base Form it)

- Picking up a \_\_\_\_\_ Noun

The most \_\_\_\_\_ Adjective way to do this is to use a \_\_\_\_\_ Repeat Last Noun. You do have to be quick though, or

the \_\_\_\_\_ Repeat Last Noun may explode in your \_\_\_\_\_ Body Part - Plural !

Properties of the Glitch:

While in this state, you will notice that the \_\_\_\_\_ Noun does not properly follow you. This is a

\_\_\_\_\_ Adjective side effect, but can be a way to tell that the glitch \_\_\_\_\_ Verb Past Tense.

You will also notice that your \_\_\_\_\_ Noun leaves behind an afterimage. This is because it's actually

\_\_\_\_\_ Verb Present ends in ING every frame! You can use this to \_\_\_\_\_ Verb Base Form enemies by simply

\_\_\_\_\_ Verb Present ends in ING into them. Touching them with your \_\_\_\_\_ Direction side is more consistent than

running into them \_\_\_\_\_ Adverb.

Finally, you cannot fall or \_\_\_\_\_ Verb Base Form off of \_\_\_\_\_ Noun Plural while in this state. You can use this to

navigate

\_\_\_\_\_ Adjective \_\_\_\_\_ areas, or to perform more \_\_\_\_\_ Adjective \_\_\_\_\_ glitches such as \_\_\_\_\_ Noun \_\_\_\_\_ hovering.

Taking any form of \_\_\_\_\_ Noun \_\_\_\_\_ will cause you to leave this state. You can also \_\_\_\_\_ Verb Base Form \_\_\_\_\_ your  
weapon or tap your \_\_\_\_\_ Noun \_\_\_\_\_ button to do so.

\_\_\_\_\_ Emotion \_\_\_\_\_ glitching!
