Don't Trust the Homeless

Last Day of the week I was downtown visiting my favorite bar, The Color Animal when I had to go outside to get away from the cigarette smoke. Outside, there was a group of Adjective hipsters drinking Adjective beer and smoking, so I had to go into the alley. I was finally alone and able to catch some fresh air, ironically right next to the Noun. Suddenly I heard a Verb ending in ing noise and saw a homeless woman lying on the ground Verb ending in ing.

In my drunken state I thought it was Celebrity and really wanted to Verb her. I quickly got a Adjective boner and took off my Plural noun. I threw off the Noun she was using as a Noun and Past tense verb off her Adjective Adjective Plural noun. She wasn't wearing any Proper noun plural that Adjective Noun so I shoved my Body part right into her! She woke up real quick but because my Body part is Number Measurement type long, she let me keep on Verb ending in ing her. All I could think was "; Exclamation ! I'm Verb ending in ing Same celebrity !";
