Anyway, so, then this guy, First name he liked to Same present tense verb as the first as well. And one day they met 'at a/the' then choose place and they instantly connected. They talked about Same present tense verb as the first with ing nearly the entire day. And then, when they left the Place they met they actually Same present tense verb now in past tense. It was a great day for the both of them, because they both ended up dating for a while.
