When Ducks Invaded The Universe

The day began just like any other Noun . The trees were green, the skies were Color and the Middle East was still in turmoil. Little Noun was happily playing in the possible when all of a sudden, a warm breeze began to pick up. Little Noun looked around and saw a duck Verb ending in ing front of him! It Noun sound and all of a sudden, big Adjective Noun flew over head! Little Noun screamed for his life. "Help, Exclamation ; he Past tense verb ."; The Adjective Plural noun coming!"; The horrendous horde of black Mallard ducks blackened the Plural noun and Past tense verb on the whole town! You could not see shopfronts for the flood of black Mallard ducks pouring in Direction and right. Pretty soon, the entire bakery was gone, as well as all of the Plural noun . Thus, the people of planet Noun were forced to leave their home, as the Mallards were still inhabiting every corner-alley. Finally, the last Noun left Planet Noun on a shuttle, and this story was never uncovered... until .
