Celso and Renee

Their story begins 3 1/2 years ago with 2 Adjective people searching for love online. Not the typical romance but with the help of social networking and messenger their attraction bloomed. For 2 years they never quite got the timing right. For 2 years they both had Adjective relationships and Adjective times, until one beautiful July day. Proper noun begged Proper noun to meet. Pronoun had to see Pronoun. Pronoun had to tell Pronoun that he was done with women that he didn't see a future with and wanted to be with her. Proper noun too was tired of Adjective men and Adjective promises. It seemed the timing was finally right. Well, it is over a year and a half later and Proper noun and Proper noun are finally walking down the Noun together. Two halves are becoming whole. As the Proper noun announces Mr and Mrs Proper noun for the first time as husband and wife, they both realize the timing has never been more perfect.
