# selfish holidays

once in the future, a mayor named \_\_\_\_\_  
\_\_\_\_\_ wanted to make a holiday for himself you know. he called  
up his \_\_\_\_\_  
\_\_\_\_\_ to help him out, and \_\_\_\_\_  
\_\_\_\_\_ agreed with him without a doubt. so  
now in their time, \_\_\_\_\_  
\_\_\_\_\_ another holiday came out for \_\_\_\_\_  
\_\_\_\_\_. \_\_\_\_\_  
\_\_\_\_\_ is on  
october 5, while \_\_\_\_\_  
\_\_\_\_\_ is on september 6. on their holidays, they get presents more. but by  
\_\_\_\_\_  
\_\_\_\_\_ their holidays ended and they were put in jail.

the point: if \_\_\_\_\_  
\_\_\_\_\_ are too greedy, you may have some bad \_\_\_\_\_  
\_\_\_\_\_.
