once in the future, a mayor named \_\_\_\_\_  
up his \_\_\_\_\_ to help him out, and \_\_\_\_\_ agreed with him without a doubt. so  
now in their time, \_\_\_\_\_ another holiday came out for \_\_\_\_\_. \_\_\_\_\_ is on  
october 5, while \_\_\_\_\_ is on september 6. on their holidays, they get presents more. but by  
\_\_\_\_\_ their holidays ended and they were put in jail.

the point: if \_\_\_\_\_ are too greedy, you may have some bad \_\_\_\_\_.
