There were _____ Adjective peacocks, _____ Adjective gazelles, _____ Adjective elephants, _____ Adjective giraffes and _____ Adjective monkeys. While we were there, I got too close to the edge of the cage and a lion reached his paw out and pulled me in. At first, I thought he would _____ Verb me. Instead, he asked me to help him get a piece of _____ Noun out of his _____ Part of the body. I pulled and pulled with all my might and finally it came loose. Boy, was he happier then. So, he invited me to join him at dinner that night.
