# My teacher

I was \_\_\_\_\_  
Verb ending in ing in \_\_\_\_\_  
Noun after the bell rang and my teacher left me there. The  
\_\_\_\_\_  
Adjective part about that is that we were on a field \_\_\_\_\_  
Event. It was in the \_\_\_\_\_  
Adjective of  
nowhere so I started to \_\_\_\_\_  
Verb in the middle of the \_\_\_\_\_  
Location and it was getting \_\_\_\_\_  
Adverb  
dark and I wasn't even half way there yet. Only if I wasn't \_\_\_\_\_  
verb ending in ing on the field \_\_\_\_\_  
event then  
I wouldn't be \_\_\_\_\_  
Verb or \_\_\_\_\_  
Verb.

Then I remembered that I had a cell phone in my pocket and called my mom and she picked me up and was yelling at me the whole ride home.
