## The Legend of Zelda Video Game

## The Legend of Zelda Video Game

Long ago three goddesses descended and created the world of Hyrule. Din, thered goddess,
with her powerful, flaming cultivated the empty space, and created the red
Nayru, the beautiful blue goddess, bestowed her divineupon the land and created the skies to give
a sense of justice and order to the world and to guide the people in the goddesses' absence. Farore, the gentle
goddess, endowed Hyrule with her powers so that courageous living beings would follow this
justice.
After their work was completed, the goddesses left a magical artifact called thewhich could
grant the wishes of the user. It consisted of three golden
'Triforce' one of Wisdom, one of Power, and one of Courage), held in proximity by a magic
However, because the Triforce was inanimate and did not judge between good and evil, the goddesses placed the
Triforce in an alternate world called theAdjective hoping that a worthy person would
one dayit.
