My friend _____^{Noun} can PLay the _____^{Noun} pretty good, but today i'm going to learn how..

"First, you have to know the _____^{Noun} there are four of them, A,D,G,and C.."; Said Amber.

Alright, this is getting REALLY _____^{Noun} I think i'm goig to fall _____^{Noun}

I drifted off into a deep _____^{Noun} as all of these images of _____^{Noun} and _____^{Noun} appeared. Then

suddenly i was holding a _____^{Noun} in my hand and i didn't know what i was doing! There was a huge

_____^{Noun} around me, people playing _____^{Noun} _____^{Noun} and a big _____^{Noun} behind me! I

didn't know how to play abd i could see an audience to my left. While everyone was playing something that

sounded oddly _____^{Noun} I was just sitting there like a _____^{Noun} Then all of it started to _____^{Noun}

away, as if it were being sucked into some kind of _____^{Noun} that i wasn't apart of. And i could still hear the

strange, like backround _____^{Noun}. Then as my _____^{Noun} opened I saw _____^{Noun} playing 'Ode To

Joy'; like a pro! i was _____^{Noun} by the sound, the fast finger movements, and the swift bow lifts! I wanted to

learn how to do it as soon as posible! And i never got _____^{Noun} again!
