Peanut Butter

Peanut butter is a food made of roasted, ground, andpeanuts, usually salted and sweetened.
Manyare available; the most popular are creamy (smooth) and(with small
chunks of peanuts), but honey-roasted, whole-nut varieties, varieties mixed with and other
variations can also be found. Creamy peanut butter is made byverb_ending in ingall of the mixture very
finely. The crunchier styles are either more coarsely ground or have larger pieces ofadded back
into the mixture after grinding. Peanut butter is frequently used in sandwiches, particularly the peanut butter and
sandwich, candy, cookies and pastry.
