You know how it is when you have a \_\_\_\_\_<sup>Noun</sup> with your lover that leaves you \_\_\_\_\_<sup>Noun</sup> with \_\_\_\_\_<sup>Noun</sup> only to turn into \_\_\_\_\_<sup>Noun</sup> later? Isn't it interesting how wild and intense the sex can be? That happened to me last night.

Then I after i rinsed him off I gave him a blow job job that left him tingling breathless. I always love it when he returns the favor. I laid on my back and \_\_\_\_\_<sup>Noun</sup> my \_\_\_\_\_<sup>Noun</sup> wide for him. He didnt waste any time as he dove right in, \_\_\_\_\_<sup>Noun</sup> and \_\_\_\_\_<sup>Noun</sup> until my body quivered and my honey flowed beyond control.

We did it in all of our favorite positions ranging from me \_\_\_\_\_<sup>Noun</sup> him while he pulled on my sensitive \_\_\_\_\_<sup>Noun</sup> to my legs on his shoulders while he rammed it hard and deep, to my favorite...doggystyle. I love this position the most because my boyfriend always gives it to me hard and fast like it will be the last time he'll ever

As always we are both left quivering, breathless and very satisfied.
