Make up Sex

You know how it is when you have a fight with your lover that leaves you furning with anger only to turn into			
arousal later? Isn't it interesting how wild and intense the sex can be? That happened to me last night.			
My boyfriend and I had an argument. But after the apologies, I thought at first that we would just go to bed. I			
figured well atleast we wouldnt end the day upset with each other. But then I decided that I would rather the two			
of us go to sleep <u>Adjective</u> and <u>Adjective</u> .			
So I Past tense verb my Noun and cleaned his Noun until it was rock hard. Then after I			
rinsed him off I gave him a <u>Noun</u> that left him <u>Adjective</u> and <u>Adjective</u> . I always love it			
when he returns the favor. I laid on my back and spread mywide for him. He didnt waste any time			
as he Past tense verb right in, Verb ending in ing and Verb ending in ing until my body quivered and			
my honey flowed beyond control.			
We did it in all of our formation positions remains from me			
We did it in all of our favorite positions ranging from me			
sensitive to my legs on his shoulders while he it hard and deep, to my			
favoritedoggystyle. I love tihs postion the most because my boyfriend always gives it to me			
and			

fast like it will be the last time he'll ever get thisAdjective	peach. Of course everything was intensified
becuase we were both still a little	
As always we are both leftand very satisfied.
