By the way

I am new to this site and I have created two madlibs so far. One was titled The Sexiest Man Alive and the other Make up Sex. For those of you who have _____Verb_____it I want you to know that I did not intend to create three of the same madlib, I thought I was editing and it turned out that they were all created. The third one is suppose to be the final draft. I know that I shouldnt have used a _____Noun_____to inform you of this but this seems to be the only way to so thus far. So sorry this one was _____Adjective_____. There will be more in the future that are more entertaining.
