Holiday Break

This year, my holiday break was Adjective. One reason it was Same adjective was because of all the Plural noun. Another reason is because I went to Adjective Times and went to see First name and the Plural noun. 3. I go to play the Noun alot. I got to play with my Plural noun. I also got to Verb the new Tv show. I drank whiskey and I'm only 11 years old. I watched Adjective Plural noun. I even got Past tense verb at Adjective Times. I got to go in the Noun. I watched First name Santa do Plural noun right before your very Plural body part.
