How you'd cuckold me

You see my wife and I at _____ Meeting place one night. She's wearing a _____ and looks dynamite. She's young, with curly brown hair and innocent blue eyes. You can tell she has a slim, firm body underneath her outfit. You ignore me, walk up to my wife and take her hand saying "Hello, I'm *name*, *initial line*."; She coos "I'm Lindsay."; You can tell she's melting already. You pull her out of her seat and take her to *secluded area of location* for some privacy. You waste no time pulling out your *size* cock and watching her cheeks turn red. "I've never had one that big before,"; she gasps. "My husband is like *amount larger than me* smaller than that."; You disrobe each other and her *sign of female arousal* let's you know she needs it. You position her for *sexual position* and get ready to enter her. Even though she's dripping wet, the tip of your cock barely squeezes in. She can't speak, but she *sign of pleasure* with excitement as you work your way into her deepest areas. You finally penetrate her fully and she screams "*something a girl screams when she cums*!"; With a quakey voice she tells you "I've never cum like that with my husband."; But you're just getting started. You start to thrust into her now, faster and harder. She's *sign of pleasure* and backing into you. You can feel her pussy clenching you harder as she anticipates your *euphamism for semen*. At the last minute, with a *noise you make when you cum*, you pull out and spackle her *body part you'd cum on* with ropes of your hot load. She puts her clothes on, without cleaning off her *body part you came on*. She looks at you, with a dreamy look in her eyes and says "I want him to see what a real man can do to me.";
