

My sex (for girls)

1. First Name _____

My sex (for girls)

I came home from work one day, walked inside my house, and see my husband, _____ First name _____ sitting on the table, motioning me to come to him. When I am close enough to touch, he lifts me up on the table, and starts to stroke me. I say "Babe, what are you planning to do? "; giving you an adventure of a life time"; _____ first _____ name _____ says, while he grins. So, he picks me up, carries me to our room, and starts making out. He puts me on the bed and gets on top of me. He takes off my shirt, and my pants. While I am slowly sliding my hand down and reach his penis. I take off his clothes and see his 3.5. Inch penis. I say to him "; warning objects under my bra is bigger then they appear."; Jack grins and takes off my panties and bra. He toys with my nipples and slowly moves his head down and starts licking the outside of my vagina, doing this and still toying with my nipples. He comes back up and I move down and grab his dick. I put it in my mouth and suck on it. After 5 min. I take it out of my mouth and say "; Why don't you come inside"; with a sly smile he grabs his dick and put it in my vagina. I moan. He looks at my boobs, and then sucks on them. I feel the his dick just sitting in the same spot so, I grab the dick take it out and stoke it. "Cum, Baby, Cum!"; _____ first name _____ grabs his dick cum just comes out like he has held it in all year just for this day. I grab him, which then he immediately made him drop his dick. He slowly puts his hands behind me and squeezes my butt. I moan and grab his dick and put it so deep inside of me his fluids start to rush in my body. We take a break, with me laying on top of him out of breath. "....more....!"; and we do it all again.
