# Hide and Shit

I was \_\_\_\_\_<sup>Verb</sup> pretty slowly when I saw my friend, \_\_\_\_\_<sup>A guys name</sup>. He asked me if I wanted to play hide and shit, and I said \_\_\_\_\_<sup>Choose: yes or no</sup>. I met up with all the \_\_\_\_\_<sup>Adjective</sup> guys, and when the game started, I quickly pulled out my \_\_\_\_\_<sup>Thing</sup>. I started to run to the \_\_\_\_\_<sup>Location</sup> to see if \_\_\_\_\_<sup>A guys name</sup> was there, but apparently he wasn't. -.- But was there was a trap full of shit. I got \_\_\_\_\_<sup>Verb</sup> \_\_\_\_\_<sup>(ending in ed)</sup> by shit. I \_\_\_\_\_<sup>Word(ending in ing)</sup> vowed I would never play Hide and Shit again. Hide and \_\_\_\_\_<sup>Verb</sup> will be more fun.
