the alien who eats computers

Once upon a Day of week 3:01 to be exact all the kids just got out of school NO homework NONE at all they all went home to play on Website it got dark darker and even darker parents called out time for supper they answered later not now i'll eat later and while they were playing something an [alien] swooped down from planet Made up place and said im from planet Made up place i shall eat your Noun the kids said NOOOOOOOOOO you will not eat my Noun the aliens rseplyed then i shall eat you and your Noun the kids said NOOOO the alien said yes yes i shall then he ate the kids and they lived happily ever after in the aliens Body part lol this was a dumb story i know it was supposed to be.
