Eating Everything There Ever Was(original by Patrick Johanneson)

it started with a _____^{Place} _____^{Food singular} eating contest. Lou Verbain took first place, and moved on to the _____^{Place} where he placed second. But the first-place contestant bowed out when his stomach _____^{Verb} and Lou was on to the nationals. At internationals he placed a distant third to a whip-thin _____^{Place} girl.

Lou wasn't about to take that lying down, so he went into hard-core training. He ate all the hot _____^{Food plural} in _____^{Place} then in the _____^{Continent} and eventually he caused a continent-wide shortage in meat-ish products.

He moved on. _____^{Food plural} _____^{Food plural} _____^{Food plural} anything he could stuff down his gullet . He grew and grew, too, expanding like a weed, like a _____^{Noun}. It was surreal.

The

day he started eating _____^{Noun}_____ was probably the point of no return. He started small, with a rusted-out Datsun, but by week's end he was devouring Hummers and limos.

At some point hydrogen fusion started up in his stomach, but he didn't notice.

Long story short, now he's a black hole, Verbain X-1, and the Universe is slowly falling into him.
