# the rocket ship

Once upon a           Noun           there was a           Noun           like you he           Verb           a heart but unlike  
          Noun           his           Noun           was           Number           times bigger than yours it was so big he had to have  
surgery. in that surgery they           Verb           some of those kind           Noun           out of his haertThis man  
          Verb           a rocket ship to space           Conjunction                     Verb           his kind cells. they were big huge  
caterpillars!!! he went down to           Noun          , collected them and gave them to a           Noun          . they hugged  
and lived happily ever after.
