A Mathematical Day

It was another _____ day. Sherlich pulled her _____ into the school's _____ parking lot, and ran inside. She made a quick stop into the _____ where she shared a _____; with some of her _____ colleagues - Jeremy, Chanales, _____ and _____.

Shira had a _____ schedule today - only _____ classes, back to back. She entered her first class, and saw to her dismay the students were _____ all over the class. "Let's get started,"; she said _____. "By the count of _____ you are all to be seated with your _____ out."; Once they were all seated _____ she started to teach her _____ students about _____ triangles, and areas. In her next class, she was greeted by students speaking with a _____ accent. She tried _____ to contain her laughter, but to no avail. In her next class, she put on a _____ musical performance, and in no time, the students were all _____ and _____ with excitement and _____. Then she had advisory. Advisory was usually _____ and _____ but she was determined to make it _____ this time. And that's just what she did. Well, the day continued, _____ with Sherlich bringing _____ and cheer wherever she went. The end.
